

Feb. 5

**PUBLIC NOTICE**

AT&T Mobility Services, LLC is proposing to install a telecommunications tower approximately 0.50 miles SW of the intersection of 230th Street NW and 180th Ave NW, Viking, MN 56760 & Latitude: 48° 12' 32.3" N, Longitude: 96° 26' 38.8" W. The height of the tower will be approximately 126.5 meters above ground. The tower is anticipated to have steady red lights, FAA Style E (L-864/L-865/L-810). Specific information regarding the project is available by calling Jon Reis (515) 473-6256 during normal business hours. Any interested party may file comments within thirty days of this notice with Impact7G, Inc. at 6505 Merle Hay Road, Suite B, Johnston, IA 50131 on the impact of the proposed action on any districts, sites, buildings, structures or objects significant in American history, archaeology, engineering or culture that are listed or determined eligible for listing in the National Register of Historic Places under National Historic Preservation Act Section 106. Any interested party may also request further environmental review of the proposed action under the FCC's National Environmental Policy Act rules, 47 CFR §1.1307, by notifying the FCC of the specific reasons that the action may have a significant impact on the quality of the human environment. This request must only raise environmental concerns and can be filed online using the FCC pleadings system at [www.fcc.gov](http://www.fcc.gov) within 30 days of the date that notice of this proposed action is published on the FCC's website. Refer to Antenna Structure Registration No. A0886715 to file the request and view the specific information about the proposed action. A copy of the request should be provided to Impact7G, Inc. at 6505 Merle Hay Road, Suite B, Johnston, IA 50131.
